

## Product Data

# BIG GULP

## Super Absorbent

### Ideal For Use In:

- Industrial Facilities
- Municipalities
- Hospitals
- Nursing Homes
- Manufacturing Facilities
- Processing Plants
- Wastewater Treatment Plants
- Correctional Facilities
- Waste Management Companies

**BIG GULP Super Absorbent** absorbs over 60 times its weight of water-based spills instantly and up to 400 times of its weight in 2 minutes. It gels all human & animal bodily fluids on contact, including blood, urine and vomit. It turns liquid biohazards into a sweepable, flushable gel. **BIG GULP** works on hard surfaces and carpet and deodorizes areas with a fresh lemon odor counteractant fragrance.

- ✓ For Use on Bodily Fluids and Waste From Humans and Animals
- ✓ Absorbs Over 60 Times Its Weight Instantly...400 Times in 2 Minutes
- ✓ Instant Acting & Easy to Use - For Use in a Multitude of Places
- ✓ Deodorizes – Contains Quat to Eliminate Odors on Contact
- ✓ Fresh Lemon Fragrance
- ✓ Flushable

# APPLICATIONS

BIG GULP is a super absorbent that takes the dirty work out of cleaning up a mess. BIG GULP is formulated to absorb, gel and deodorize vomit, food spills and other malodor sources with a pleasant lemon fragrance. It instantly absorbs 60 times its weight of water-based liquid spills and up to 400 times its weight in 2 minutes. BIG GULP can be flushed down the toilet or drain for easy disposal.

**Use on the Following Fluids and Spills:** Incontinency Accidents (Excrement), Vomitus (Emesis) Removal, Food Spills, Oils and Body Fluids From Humans and Animals.

**Areas of Use:** Offices • Nursing Homes • Hospitals • Restaurants • Schools • Day Care Centers • Prisons & Correctional Institutions • Apartment Complexes • School Bus Garages • Ambulance Services & EMTs • Public Transportation Systems • Wastewater Treatment Plants • Veterinarian Clinics • Manufacturing Facilities • Industrial & Processing Plants

# DIRECTIONS

**1)** Sprinkle BIG GULP evenly onto spill. BIG GULP will not adhere to floors when properly applied. **2)** Allow 15-20 seconds for BIG GULP to absorb and gel. **3)** Sweep up and properly dispose of gel. BIG GULP may be flushed for immediate disposal. **4)** Dispose of biohazards in accordance to current regulations.

**CAUTION:** Surface may be slippery after use.
