HANDI-SAN

Instant Foaming Hand Sanitizer

HANDI-SAN instant foaming hand sanitizer kills 99.99% of most germs that cause illness in as little as 15 seconds. Its formulation contains the mildest detergents, emollients and skin conditioners, including Aloe Vera and Vitamin E, to moisturize hands while at the same time reducing bacteria between washings. HANDI-SAN has a pleasant fragrance, and its foaming pump dispenses up to 150 applications per container.

- ✓ Kills 99.99% of Most Common Germs in as Little as 15 Seconds
- ✓ Requires No Water - Keeps Hands Free of Bacteria Between Washings
- ✓ Non-Alcoholic Formula Contains Aloe Vera and Vitamin E to Moisturize Hands
- ✓ Pleasant Fragrance

APPLICATIONS

HANDI-SAN instant foaming hand sanitizer is formulated with the mildest detergents, emollients and skin conditioners, including Aloe Vera and Vitamin E, yet it is powerful enough to kill 99.99% of most common germs that cause illness in as little as 15 seconds. HANDI-SAN requires no water - simply apply to hands between washings to help reduce bacteria on the skin.

Areas of Use For HANDI-SAN: industrial facilities, food service institutions, municipalities, printing shops, office complexes, restaurants, construction companies, manufacturing facilities, hospitals, hotels and motels, public buildings, schools, correctional facilities, wastewater treatment plants and other places of business where there is a need to reduce the spread of bacteria between hand washings.

DIRECTIONS

To decrease bacteria on skin, apply a small amount to palm of hand. Rub hands together until dry. Use as needed between hand washes to help reduce bacteria on skin.

TECHNICAL DATA

pH: 7.25
