

ICE-GO is the quickest, most effective answer to all ice accumulation problems. Great for clearing iced-up windshields...frees frozen doors and windows...loosens car door and trunk locks. ICE-GO is especially handy for vehicles that are parked outdoors throughout the winter season.

- ✓ Ideal For Frosted Windshields, Windows and Frozen Locks
- ✓ Melts Ice, Frost and Snow Instantly
- ✓ Will Not Harm Vehicle's Finish

...setting performance standards worldwide...

APPLICATIONS

ICE-GO thaws windshields and prevents frozen locks on vehicles. It is excellent for use on municipal and highway department vehicles, police equipment, trains and aircraft. Spray on windshields, windows and locks to prevent freeze-up. ICE-GO lasts for hours. There is no distortion or gumming, and ICE-GO can be rinsed clean with water.

DIRECTIONS

- 1) Brush off loose snow.
- 2) Press valve and spray entire frosted area, starting at top.
- 3) Start wiper blades after ice has melted.
- 4) If window smears because of over application, remove excess with clean cloth.

TECHNICAL DATA

Type:	Ice melting admixture
Appearance:	Clear, colorless liquid
Odor:	Pleasant, non-residual
Flammability:	Extremely flammable as per USA Flame Projection Test
Solubility:	Complete
