standards worldwide...

## APPLICATIONS

MANGO MAGIC enriched gentle lotion hand soap cuts through the toughest dirt and grime to clean hands, but will not remove the micro-thin skin oils protecting the epidermis. MANGO MAGIC contains soothing emollients, such as glycerin and aloe vera, so it will not dry hands out. A few drops of MANGO MAGIC cleans the hands, leaving them with a mild mango fragrance.

MANGO MAGIC enriched gentle lotion hand soap is the ideal hand cleaner for use in the following establishments: camp grounds, construction sites, service stations, printing plants, rubber plants, recycling centers, outdoor services, manufacturing facilities, food processing plants, restaurants, golf courses, mines, machine shops, automotive repair shops, steel mills, brake manufacturing plants, plastic plants, utility companies, foundries, transportation industries, refuse haulers and refineries.

## DIRECTIONS

Remove jewelry. Wet hands and forearms. Apply MANGO MAGIC to the skin. Rub briskly, then rinse with cold water.

For use around food premises, wet hands and forearms. Apply MANGO MAGIC to the skin. Wash hands for one minute, then rinse thoroughly with potable water.
